

Industrial Cleaner

Powerful special cleaner with high yield | NSF registration

WEICON Industrial Cleaner is suitable for universal use. It cleans, degreases and evaporates without leaving residues. The cleaner removes grease, oil, soot and other dirt and residues. The spray cleans many surfaces fast and easily, such as metals, glass and many plastics. Industrial Cleaner can be used in many different areas. It is even suitable for sensitive surfaces, such as plastics, rubber materials or powder-coated metal pieces. The cleaner operates with a highly compressed propellant. Therefore, it has a very high active ingredient content of 95 %. This means that the cleaner is very economical, so one container covers a significantly higher number of applications.

Technische Daten

Odour	solvent
Specific properties	highly effective, 95 % active ingredient content
Silicone-free	yes
AOX-free	yes
ISSA Code	75.634.24
Shelf life	24 mon.

Processing

Spray generously onto the part to be cleaned and allow to take effect; wipe with clean cloth, if required. Repeat, if necessary.

Storage

Pressurized container. Protect from direct sunlight and temperatures above +50°C.
