

Anti-Spatter Spray

SLV-tested
silicone-free

WEICON Welding Protection Spray contains no silicone and is used to clean welding nozzles and to keep them clean. At the same time, it protects the work piece to be welded against the effect of weld splashes without impairing the welding seam.

Protection Spray prevents the adhesion of welding splashes on gas nozzles and workpiece surfaces, offers gap-free protection for the welding process, and makes follow-up cleaning of the work-pieces with a spatula, brush or chisel superfluous.

Post-treatment of the work-piece such as: bronzing, galvanisation, anodising or painting is possible without special cleaning. Cleaning, for example, with WEICON Spray Cleaner S, may be necessary solely in the case of excessive spraying.

IMPA: 45 08 42

Technical data

Colour	colourless
Odour	solvent
Temperature resistance	--- °C
Shelf life (minimum)	24 months
Special features	SLV-tested, silicone-free

Processing

Spray on welding nozzles at a distance of about 15 cm. To protect the work piece surface, hold can at about 25 cm distance and spray on an area of approx. 10 cm to the left and right of the weld seam. Start welding process in hollow parts and narrow spaces only after evaporation of the propellant.

Storage

Pressurized container: protect from sunlight and do not expose to temperatures exceeding +50°C.

Note

The specifications and recommendations given in this technical data sheet must not be seen as guaranteed product characteristics. They are based on our laboratory tests and on practical experience. Since

individual application conditions are beyond our knowledge, control and responsibility, this information is provided without any obligation.

We do guarantee the continuously high quality of our products. However, own adequate laboratory and practical tests to find out if the product in question meets the requested properties are recommended. A claim cannot be derived from them. The user bears the only responsibility for non-appropriate or other than specified applications.

Health and Safety

When using WEICON products, the physical, safety technical, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.
